

I'll Share My World With You

I'll share my world with you Everything that I own
My earthly possessions They're no good if I'm alone
Let me give you the sunshine While it's fresh with morning dew
Can't you see that I'm waiting To Share my world with you I'll

share my world with you If you'll be mine alone
I'll give you a new heart You're the only love it's known
Let me give you my two arms They'll be reaching when you do
Can't you see they are waiting To share my world with you I'll

share my world with you Everything that I see
Divide all the memories One for you and, one for me
Oh let me give you my two lips They'll be crying when you do
Can't you see they are waiting To share my world with you

Can't you see they are waiting To share my world with you
