

Someone From Home

Won't you tell me son, what county man are you?
I thought you might be Mayo, but now I'm not so sure
I've been over here a long time on my own
And it's really nice to meet someone from home

Won't you tell me now, how's Dublin city fair?
It's such a long, long time since I was there
And how are sweet Fermanagh and Tyrone
It's really nice to meet someone from home

Chorus:

**Won't you spare me just a minute
Just a minute of your time
I seldom meet someone from home, won't you stay a while
I've been over here a long time on my own
And it's really nice to meet someone from home**

16 BAR SOLO
