

## Always Be Best Of Friends

### Chorus:

**Always be best of friends  
Times like this, should never end  
When we go away from here today  
Happy times and holidays  
Always be best of friends**

Foreign lands, far offshore  
Always lead, to one thing more  
Strangers once, now new found friends  
These precious memories never end

### Chorus

One day soon, we'll meet again  
Though our lives go on in different ways  
Our thoughts are still the same

### Chorus

**When we go away from here today  
Happy times and holidays  
Always be best of friends**

**Always be best of friends**
