

I Don't Need a Picture

First time that I saw you, you stole my heart away.
You were buying big red roses, for your mother's day
You looked a pretty picture as you stood there in the que
But I don't need a picture, to remind me of you.

Chrous

**But I don't a picture to see your smiling face.
And I don't need to hold you tight to feel your warming
brace
All I ever wanted, was a love so sweet and true
But I don't need a picture to remind me of you**

From that day on I loved you, my heart with joy would sing
I thought that we'd be married, early in the spring.
I could see us at the altar, where we both would say "I do"
And promise to each-other we always would be true

Chorus

5 bar solo

Then one day a stranger, came into your life
He shattered all my dreams; you would never be my wife
When you sent your good-bye letter to tell me we were through
Now all I have is memories and a picture of you.

Chrous

No, I don't need a picture to remind me of you.
