

I'm Just Lucky I Guess

CHORUS:

**She's my girl she's my world she's my life to me
She's my girl she's my world she's my wife to
be
She makes me actin' dress my best keeps me
filled with the happiness
I don't know I'm just lucky I guess**

What a lucky day it was when I met her
what a lucky street to meet with the best
But don't ask me why I come to win her
I don't know I'm just lucky I guess

CHORUS:

8 BAR SOLO

She will give me memories extra special
she's so different not like all the rest
Since I met her how I've changed she's gonna let
me change her name
I don't know I'm just lucky I guess

CHORUS: X2

I don't know I'm just lucky I guess
