

## **Sadie's Got Her New Dress On**

Well, Sadie's mamma told her – you're nearly twenty-one  
It's time to find a man and settle down.  
She tidied up her auburn hair, put on her best perfume  
And headed for the dance downtown.

### **Chorus:**

**Oh Sadie's got her new dress on, lord, lord  
Sadie's got her new dress on  
Sadie's mamma said, she's old enough to wed  
Sadie's got her new dress on**

### **FULL SOLO**

Hey, look ye yonder coming - Charlie Taylor said  
I've never seen a girl with eyes that green  
But Sadie Rose just winked at him, and pat him on the head  
Then danced a jive with Willy Dean

### **Chorus**

### **HALF SOLO**

Well, Bobby said to Willy – I can't believe my eyes  
That Sadie Rose she's looking mighty fine  
Then Willy said to Bobby – I was looking at her too  
I'll be the one to make her mine

### **Chorus x2**

**Oh, Sadie's mamma said, she's old enough to wed  
Sadie's got her new dress on.**
