

## **Buck Owens Medley**

**Open up your heart and let my love come in  
Open up your heart and let my life begin  
The suns gonna shine there'll be blue skys again  
If you open up your heart and let my love come in**

I know you've been hurt by and old love affair  
But darlin' don't blame me i wasn't even there  
Your long lonely night i will bring to an end  
when open up you heart and let my love come in

I don't care if the sun don't shine I don't care if the bells won't chime  
Just as long as you love me  
And i don't care if the tops don't spin I don't care if the gins don't gin  
Just as long as you love me

**So darling let it rain let it snow let the cold north wind blow  
Just as long as you love me  
North or south east or west you know I will stand the test  
Just as long as you love me**

**Forever and ever i love you  
I swear by the stars up above you  
There never will be any other  
I'll love you forever and ever**

The sun may stop shinning in heaven  
The salty old seas may run dry  
And the man on the moon may stop smiling  
But i'll always be by your side

**Forever and ever i love you  
I swear by the stars up above you  
There never will be any other  
I'll love you forever and ever**

**Where does the good times go where does the river flow  
Where does the north wind blow where does the good times go**

Lips that used to burn with love now are cold beneath my touch  
Still I love you oh so much where does the good times go

**Where does the good times go where does the river flow**

**Where does the north wind blow where does the good times go**

**It takes people like you to make people like me  
From the grey rocky mountains to the shores of the sea  
from the sands in the dessert to the tall oak trees  
It takes people like you to make people like me**

**It takes people like you to make people like me**
