

Highway To No-where

8 Bar Intro

Verse: 1

I'm travelling the highway to nowhere
'Cause I can't find a road to your heart
This old road is so rough and so rocky
I get lost on the highway to your heart

Chorus: 1

This highway to nowhere keeps calling
Oh your hearts at the end of the line
But I always get lost on a detour
I guess i don't understand the signs

8 Bar Solo

Verse: 2

I've travelled this highway so long now
But i know I'm no closer to your heart
Down this long lonesome road i'll keep travelling
Though i know i've been lost from the start

Chorus: 2 x 2

This highway to nowhere i'll follow
The roads dark i'll keep trudging on
And tomorrow i'll be back where i started
It's that highway to nowhere that I'm on
