

Walk Down The Aisle With Me

Chorus

Walk down the aisle to me

Put your hand in mine for all eternity

Let me tell you I love you with the vows that we take

And for you to say I do on our wedding day

Many years have gone by since you made my heart race
From the first time I saw that sweet smile on your face
Down deep in your heart you were caring and strong
And at each other's side it is where we belong

True feelings of love I found in our first kiss
That would bind us together for eternal bliss
You made my dreams come true while on bended knee
With your answer you'd walk down the aisle dear with me

Short Ins

Chorus

Instrumental

When you take my hand and we're husband and wife
We'll start on our journey down the long road of life
We'll share tears of joy we'll both be on the way
When we're joined together on our wedding day

And when the time comes when we've silvery hair
When you need me my darling, I'll still be there
And together we'll look back on the past with a smile
And thank God it was you dear who walked down the aisle

Chorus

Yes I tell you I love you as I see your sweet smile
God blessing our journey as we walk down the aisle
