

It Takes An Irish Man

Verse: 1

In every town in Ireland theres music in the air
From Wexford through to Donegal you'll hear it everywhere
With Frankies and the Hazel Tree well known throughout the land
Where the people come from far and wide to hear the Irish band

Chorus:

**It takes an Irish man to sing an Irish song
It takes an Irish singer to make you sing along
No matter where you wander, wherever you belong
If your hearts in Ireland you'll sing an Irish song**

Verse: 2

You hear the music everywhere from Castle-Bar to Cork
And if you fly from Shannon you'll hear it in New-York
In London or Toronto no matter where you go
And all across Australia you'll hear a song you know

Chorus:

Verse: 3

In the Black-Crow bar in Boston, Patty Follys Tokyo
Mulligans of Mayfair Vallellys of Ohio
Wherever you may travel you'll find Irish men and song
And your welcome as the flowers of may to join the sing-along

Chorus:

And if you hearts in Ireland you'll sing an Irish song
