

Your Health Is Your Wealth

Country Harmony

Intro

Chorus

**Ah your health is your wealth, now don't you forget it
These are the words my father told me
Back when I was a lad, such a long time ago
Your health is your wealth now I'm telling you so**

It don't matter how rich with money you are
Or if you drive around in a big fancy car
If you're the Lord of the manor or the belle of the ball
If you haven't your health sure you've nothing at all

Chorus

Instrumental

You can have all your riches of diamonds or gold
But they don't mean nothing when the Lord takes your soul
But the one thing that will help you along every day
Is to stop, for a moment, and kneel down and pray

Chorus x 2

**Ah your health is your wealth, now don't you forget it
These are the words my father told me
Back when I was a lad, such a long time ago
Your health is your wealth now I'm telling you so**

Instrumental

Your health is your wealth and I'm telling you so
