

I Would Like to See You again

Verse 1

I was sittin' here thinkin' about some old times
Some old times, some old friends
And suddenly it came across my mind
I would like to see you again

Verse 2

Remember how we used to walk and talk
Walk and talk, holdin' hands
We said we love each other I recall
We made a lot of future plans

Chorus

**But the years have come and gone
And a whole lot has happened since then
But tonight your memory's awful strong on my mind
And I would like to see you again**

It's funny how a feeling will come back
It'll come on back, make you blue

'Bout a time, of me and you
