

Kiss me Mary

I try my best, pass all the tests but you don't seem to see
I'm the boy for a girl like you, and you can set me free.
I don't swear when I brush my hair and wear my school tie straight.
But you treat me like just another kid when we're standing at the gate.

You let your feeling be known to me, when I fell and grazed my knee
I was cryin' 'n' you gimme a hug and kissed me on the cheek
From that day I have to say I knew you were the one
But you're set on playin' hard to get, I've only just begun.

CHORUS

**Oh kiss me Mary, kiss me Mary, kiss me one more time!
I may be young and a little scared but I wanna cross the line.
Oh come on Mary, one more time.
Kiss me let me walk you home tonight.**

(4 bar solo)

A few years past, lying on the grass, baskin' in the sun
You label me as just a friend, but I know you're still the one.
I'm there when they break your heart, to wipe away your tears.
To bring a smile back, and make you laugh and take away your fears.

CHORUS

You're still the one now twenty one, walking down the street.
I joke about how I've always loved you since the age of three
You stop and stare and look at me, and ask me if it's true.
But this time my eyes can't tell a lie and you pull me close to you...

Oh kiss me Mary, kiss me Mary

CHORUS x2

**Oh come on Mary, one more time.
Kiss me let me walk you home tonight.**
