

## Mary With The Golden Hair

### Verse: 1

Theres a spot in my memory that I can never get  
Where the grass is green and god made plenty of time  
And I knew someday somehow that i'd make it back again  
To my home place and the girl I left behind

### Chorus:

Yes i'm home, boys home  
Im home in old ireland once again  
And I swear to god above I will never leave the love  
Of my Mary with the golden hair

### Verse: 2

I'm sitting by the fireside with the mum and dad  
I've spoken to my kin foke and my friends  
But tonight at 8 o'clock theres a door i'm gonna knock  
I'll be back with my sweetheart once again

### Chorus

### Verse: 3

Theres a church upon the hill and the priest that I know well  
Theres a little farm a mile outside it's town  
And if mary says I will then we'll walk up that hill  
And in that little farm we'll settle down

And I swear to god above I will never leave the love  
Of my Mary with the golden hair
