

Beneath The Mistletoe

I see a smile, I hear the bells ring
It's Christmas time and everybody sings
I hope you have, never to let it go
As we kiss beneath the mistletoe

It's cold outside, you make me feel warm
A starry night, I have you in my arms
Children run, to catch the falling snow
As we kiss beneath the mistletoe

Chorus

**Ho, ho, ho, they're underneath the tree
Ho, ho, ho, there's lots of gifts wrapped up so perfectly
But you are the one, I want for evermore
As we kiss beneath the mistletoe**

Instrumental

As we toast, for the future
Somehow I know, mine I'll share with you
The candle burns, an eternal glow
As we kiss beneath the mistletoe

Chorus

New Key

Chorus

**Yes you are the one, I want for evermore
As we kiss beneath the mistletoe**
