

Picture In A Frame

Intro

I finally found the words to say
How long did I intend to stay
I know you've wondered now and then
How close our love is to the end

**I think it's only fair to let you know
That one of these days I'll have to go
But I'll be proud to wear your ring
Till I'm just a picture in a frame**

**Storm clouds may gather and the heavy rains may come
When the storms are over we'll still share the golden sun
And I'll still love you just the same
Till I'm just a picture in a frame**

Instrumental

I hope this small bouquet of words
Are the sweetest ones you've ever heard
'Cause I can't think of any-one
I rather hold till life is done

**This love of mine for you will grow and grow
And I just thought that you would like to know
My love will be a burning flame
Till I'm just a picture in a frame**

**Yes I'll still love you just the same
Till I'm just a picture in a frame**
