

Someday You'll Love Me

Might be dreamin', might be crazy
Thinkin' you might love me maybe
Poor hearts pounding, overflowin'
Taking bets, I know where it's goin'

CHORUS:

**Someday you'll love me, it's written in the stars
Someday you need me, to hold you in my arms
Someday you'll want me, just as much as I want you**

**Someday you'll love me, I will be the one
Someday you need me, just call and I will come
Someday you'll love me just as much as I love you
Just as much as I love you**

What I'm sure of soon you'll find out
Oh, I want you moonlight dancin'
I won't take no for no answer

Someday you need me, to hold you in my arms
Someday you'll want me, just as much as I want you**

**Someday you'll love me, I will be the one
Someday you need me, just call and I will come
Someday you'll love me just as much as I love you
Just as much as I love you**
