

Temple Bar

There's a busker playing on the street
Watching all the people meet
The boys and girls are back in Dublin town
Ah there's young ones there from everywhere
From America to God knows where
It's just another night in Temple Bar

Chorus

So come on down, out on the town
'Cause this is where a good time can be found
So bring along the old squeeze box, the fiddle and guitar
Let's have a good old night in temple bar

There's a stag doo here from Liverpool
Chasing Hen's and on the boat
Oh barney's lashing out The Rare Auld Times
Ah the Glasgow girls are on the floor
And a round of shots have just been poured
It's another crazy night in Temple bar

Chorus

Instrumental

Bridge

There is no better place to be than this old town tonight
Nobody's going home 'till they turn out the lights

Chorus

So come on down, out on the town
'Cause this is where a good time can be found
So bring along the old squeeze box, the fiddle and guitar
Let's have a good old night in temple bar
