

Travelling Shoes

Intro

Mamma always reminds me that we're only passing through
The pleasures of this world are not for us to hold on to
She says the way we're headed, will take us where we're bound
And we cannot lay our journey down

Chorus

**Because all God's children need travelling shoes
To walk the road that's there oh but it's true
We can't stop here we're just passing through
That's why all God's children need travelling shoes**

16 BAR SOLO

My bags are packed and waiting and I'm headed for the door
The train is at the station got my ticket and onboard
The brakeman swings his lantern lit with never ending love
And Mamma I can't thank you near enough

Chorus
