

# My little Honda Fifty

## CHORUS

Oh My little Honda Fifty, he's rapid and she's nifty  
She'll get you away from the guards any day  
Oh my little Honda Fifty, she's rapid and she's nifty  
She'll do a hundred and fifty on a windy day

Well I bought her in the buy and sell in 1992  
A travellin' man in a caravan said this is the bike for you  
He was looking for a hundred pounds, well I gave him 82  
Well I took her for a spin on the Kinegad Road and by god she fuckin' flew.

## CHORUS

Well i drove her into newbridge, I was lookin for a couple of parts  
Like alloy wheels and nitros and a new push button start  
Then i headed down to roberts town to drop in for a beer  
85 over the bridge in fuckin second gear

## CHORUS

I was heading out from roberts town going towards timmaho  
When i saw the guards behind be, Sargeant kelly dont ya know  
I said oh folks just my luck and I hit the old nitro  
By the time the squad hit buckets cross I was in bradys yard
