

## Mayo Will Always Be Home

### Intro

The barman is calling "Time Gentlemen Please"  
At a dark cornered table he seemed ill at ease  
His face told a story his eyes would betray  
He said friend are you going my way

An old faded picture he kept in his coat  
It came with a letter that his mother wrote  
Taken at Easter Nineteen Sixty Three  
He said everyone's there except me

### Chorus

Mayo will always be home  
No matter wherever I roam  
Although we're divided by land and by sea  
Mayo will always be home, to me

### Instrumental

Born on the Island, raised on the shore  
He talked of the sun and the clouds on Slieve Mor  
Barely a man when he left behind  
Someone who still crosses his mind

He said they're all gone now there's nobody home  
His mother saw 90 she died all alone  
Time wasn't in it to bid her goodbye  
How it hurt to see this old man cry

### Chorus

### Instrumental

### Key Change

We landed in Mayo this old man and me  
He stopped by the old home one last time to see  
The house and the garden, the open half door  
And he said as we stood on the shore

### Chorus

Mayo will always be home  
No matter wherever I roam  
Although we're divided by land and by sea  
Mayo will always be home  
Mayo will always be home  
No matter wherever I roam  
Although we're divided by land and by sea

Mayo will always be home, to me
