

Mum & Dad's Waltz

The band played an old tune i've heard it before,
To the beat of the music we took to the floor,
Ah to hear a fine singer was a touch off pure class
The tune they were playing was Mum and Dad's Waltz

We've loved each other for so many years,
The loving the laughter the bitter sweet tears,
And tonight in my arms, you're still just as sweet
For to waltz with you darling so light on your feet,

CHORUS

**So pick up the tempo now were all alone,
We're still enjoying a waltz of our own,
30 years married and still going strong,
So lets hear the singer singing our song,**

Time after time we circled the floor,
The loving she gave me I could'nt want more,
Ahh the music is lilted a heart ruled with pain,
But she said I love you again and again,

CHORUS

The children are married they're all up and gone,
And we're still enjoying the time on our own,
And we've been so happy and never complained,
Let's hear the singer sing it again,

CHORUS X2

The tune they were playing was Mum and Dads Waltz
